

From 2021 onwards, Hereon's support for young scientists to promote their own **scientific careers** was very successful.

Several Hereon young scientists received 12 **offers for a professorship** during the last years:

| | |
|---|-------------------------------|
| Leverhulme International Professorship at the University of Nottingham, UK | Dr. Martin Dornheim (2022) |
| Professorship „Kunststofftechnologie“, Chair of plastics technology, Department of Mechanical Engineering, Dortmund University | Dr. Ulrich Handge (2021) |
| Assistant Professor for applied materials technology at Helmut Schmidt University (HSU) , University of the Federal Armed Forces, Hamburg | Dr. Julian Jepsen (2023) |
| Director of Fraunhofer Institute for Microstructure of Materials and Systems IMWS | Prof. Erica Lilleodden (2021) |
| Scientific Center for Optical and Electron Microscopy, Eidgenössische Technische Hochschule (ETH) Zürich | Dr. David Ngyuen |
| Professor and Lecturer in Chemical and Process Engineering at the University of Canterbury in Christchurch, New Zealand | Dr. Kai Sellschopp (2024) |
| Professor for Integrated metallic Nanomaterialssysteme, TUHH, Hamburg . | Dr. Shan Shi (2021) |
| „ Helmholtz Distinguished Professorship “, Director of Institute of Functional Materials for Sustainability, Helmut Schmidt University (HSU), Hamburg | Prof. Francesca Toma (2022) |
| Professor of Biopharmacy and Controlled delivery systems, Professorship for Biopharmazie/Arzneiformenlehre at the Faculty of Natural Sciences I, Biosciences, Martin-Luther-Universität Halle-Wittenberg (MLU) . | Dr. Christian Wischke (2021) |
| Full Professor, Department of Advanced Materials Science and Engineering at Kumoh National Institute of Technology in Gumi, Südkorea | Dr. Sangbong Yi (2024) |

| | |
|---|------------------------------------|
| Appointed professor, Data-Driven Analysis and Design of Materials, University of Rostock | Prof. Berit Zeller-Plumhoff (2024) |
| Professor of Electrochemistry of Metallic Biomaterials at the Department of Materials Science, Kiel University (CAU) | Prof. Mikhail Zheludkevich (2021) |
